THE SPEAKING PARTNERS
COLLECTION

A TRAVEL BROCHURE FOR LANGUAGE LEARNERS

Your Passport to Speaking

Five AI speaking partners, five destinations and one simple idea:
confidence first. The language follows.

PARIS • ROME • LONDON • LISBON • AND BEYOND

BEFORE YOU TRAVEL

Your journey starts with a conversation

How Steve's speaking partners work, and why every trip begins with a free trial.

For many years my job took me around the world as a business and language consultant. Again and again I met people who knew plenty of words but froze the moment someone spoke to them.

What I learned is simple: **confidence comes first, and the language follows.** So I built AI speaking partners you can talk to whenever you like. They're patient and friendly, they never judge you, and there's no class to wait for. Pick your destination, start talking, and let the words come.

HOW IT WORKS: THREE SIMPLE STEPS

1

Open the site

Choose the speaking partner for the language you want, on your phone, tablet or computer.

2

Pick your scene

Choose your language and an everyday situation: a café, a train ticket, a neighbour, a guest at reception.

3

Start talking

Speak or type at your own pace. Get friendly coaching afterwards, never a score.

YOUR GUIDE

Steve designed and delivered communication training for organisations that couldn't afford misunderstandings, including:

Deutsche Bank · Frankfurt Airport air traffic controllers · Hewlett Packard · Eurostar

Every destination starts free

A 3 to 5-day free trial on every app. A first name and an email is all you need.
